

Customer Snapshot

PT. Argapura increases productivity with Infor LN and Infor d/EPM

Facts at a glance

Products: Infor® LN, Infor d/EPM

Industry: Automotive

Country: Indonesia

“With Infor solutions, we improved inventory management and achieved higher levels of productivity.”

—Anne Maria J. Halim, Managing Director,
PT. Argapura

About the company

In 1954 Jahja Halim founded PT. Argapura to produce roll-yourself cigarette paper. Today, PT. Argapura still maintains its cigarette paper business, while expanding into new lines of manufacturing businesses that include automotive chemicals and tea-bag packaging machineries and materials.

Challenges

- Improve business management and processing capabilities to achieve preferred status in the automotive OEM industry.
- Replace inadequate in-house developed applications.
- Eliminate paperwork completely and automate processes.
- Dynamically and accurately update inventory data to better manage cash flow.

Benefits

- Reduced total cost of ownership of its ERP system by eliminating the need for customizations.
- Increased ability to control business processes.
- Enhanced inventory management system.
- Increased overall productivity.
- Reduced production lead time.
- Accelerated financial reporting.
- Established a detailed audit trail process.

“Infor has a great solution for automotive parts manufacturers like us. The solution is perfect for us since we don’t need to do huge customizations to fit our requirements, which means it reduces the total cost of ownership for our company.”

—Anne Maria J. Halim, Managing Director,
PT. Argapura
